On the start command competitors will load their rifles and engage the left steel target with five rounds in the position of the competitor's choice. Next competitor will engage the targets from the barrel positions with two rounds per target alternating between left steel target and right steel target. After completing the barrel positions competitor will engage the right steel target from a designated shooting area with 5 rounds in the competitor's choice of position. Steel targets will be from 50 yards to 100 yards.

Steel targets will be from 50 yards to 100 yards.

If shot clean this stage will require 22 rounds total.

### **Scoring:**

A hit on the steel targets will be worth 10 points. Dueling Trees will be worth 10 points total, 2 points per paddle.

All scoring will be calculated using hit factor (Points /Time= HF score). For example, if a competitor shoots stage 1 cleanly and accumulates 210 points in 45 seconds ( $210/45= 4.66$ ). The competitor's hit factor for that stage would be 4.66.

Competitors will shoot each stage twice. The hit factor score for each stage will be the average between the competitors first run and second run. Final score will be the hit factor average of all three stages.

No steel tip or armorer piercing bullets allowed. Ammunition must be below 3200 FPS

### **Rules:**

All competitors will adhere to the 4 fundamental firearm safety rules. If any of these rules are violated the RO may disqualify the competitor.

Failure to engage targets from designed shooting areas, positions, or in order will result in no points awarded.

**Total Round Count:** Minimum of 126 rounds will be needed. It should be noted that this round count is if the competitor has no misses. More ammunition may be required to complete the course if competitor wants to accrue maximum points.
